## Evacuation

If we by any reason would have to evacuate the area it will be informed through radio and the festival guards. As calmly as possible request the festival guests to evacuate the area through emergency exits and the main entrance and then exit the area yourself.

## SambaC

SambaC is the communications central on the festival area. SambaC is manned around the clock 24h a day and direct resources and information to the SOF staff. The infohouse is the best place to direct people that have any questions.

## The Infohouse

The infohouse lays near the entrance and it's where visitors, orchestras and funkis' can go with their questions. In the infohouse you can also buy festival-things like t-shirts and mugs.

## Guards

If you see any fighting, do not try to solve it yourself, call a guard or talk to someone in the SOF-organization that can call a guard. The guards can be found around the entrance and patrolling the festival area. Guards will be watching the area all the time that the festival area is open for the visitors. When the area is closed for the visitors SambaC will answer your questions.

## Medics

Medics will be on the festival area when the area is open for visitors. You can contact them through SambaC or a guard. There will also be medics last in the parade on Saturday.

## Fire

If a fire starts at the festival area do the following things:

- SAVE persons in immediate danger.
- ALERT guards or SambaC
- EXTINGUISH small fires

### **Report sick**

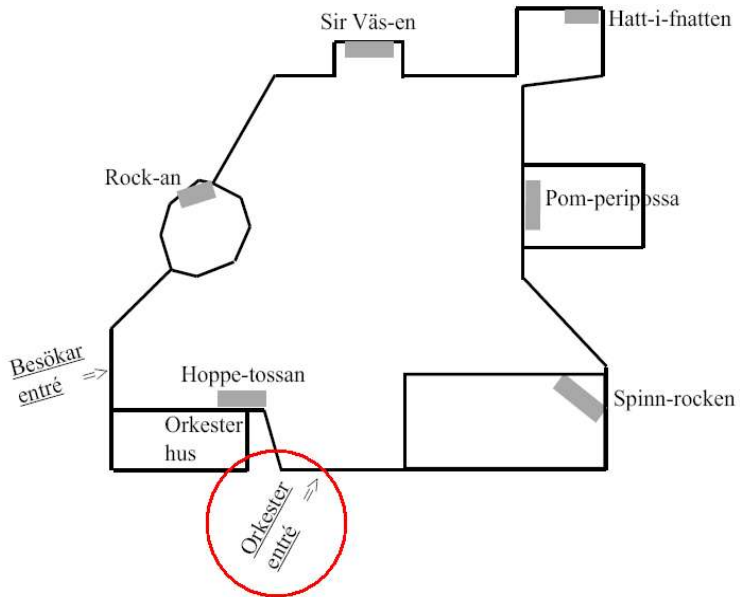

If you should get sick and can not attend to your funkis work, you should call in a replacement. You must find a replacement to get your deposit back. Call as soon as possible to Martin or Elin (Numbers on the last page) and report our absence/replacement.

### **Festival bracelet**

You can fetch your festivalbracelet a week before SOF (2/5 to 7/5) if you show a valid LiU-card or a valid foto ID. You go trough the orchestra entrance when you are going to work on the festival area.

### **Funkis t-shirt**

Observe that the funkis t-shirt may only be used when you work during the festival and off course after the festival. This is so we can keep track of who is working and who is not. The orchestra hosts wear yellow t-shirts so the guards can see the difference between them and the ordinary funkis.

**If you are working on the festival area you go through the orchestra entrance to work.**
